Pertimm

FRENCH AI ENGINEERING / EUROPEAN AMBITION

European research. *Real-world AI.*

The AI engineering partner for Horizon Europe and EU R&D consortia. **We have coordinated one — and we can lead the AI work in yours.**

1997	100+	15	200+	€91M
Founded in France	Senior experts	PhDs in R&D	Customers	3 EU consortia, combined

EU CONSORTIUM COORDINATOR

OPEVA

35	9	€22.85M
partners	countries	total cost

Completed April 2026 · 9 real-world demonstrators

SIGNED

19 OCT 2026

Bayan Palace Kuwait

WHERE WE'RE GOING

FRANCE × KUWAIT

From European research to sovereign deployment

Pertimm signed a **declaration for exploratory cooperation in data and AI** with Kuwait's Ministry of State for Communications and IT, one of eight France–Kuwait agreements signed during President Macron's visit.

01 EU research consortia → 02 Industrial deployment → 03 Sovereign AI · Kuwait

What we bring to your consortium

Coordinator
Consortium management, reporting and demonstrator delivery at EU scale.
Proven · OPEVA

AI technical lead
MLOps, LLMOps and AIOps; explainable analytics; human-in-the-loop supervision.
Leading · HumAMI

AI component partner
Semantic search, NLP, LLMs, RAG and agents, delivered as engineered software.
In production · 200+ clients

Pilot & industrialisation
Data pipelines, APIs, private cloud / on-premise deployment to industrial users.
EDF · Carrefour · SNCF · Bridgestone

Selected European & French R&D programmes

Bars: consortium total cost · *at selection

OPEVA — COORDINATOR

KDT JU · 35 partners · 9 countries · completed Apr 2026

€22.85M

AI for EV range, energy management and charging, proven across nine real-world demonstrators.

HumAMI — MLOPS / LLMOPS LEAD

Horizon Europe / Chips JU · 45 participants · 12 countries

€39.80M

Leads MLOps, LLMOps and AIOps; explainable analytics, NXP edge integration and human-in-the-loop supervision.

uPQComing — PARTNER

Chips JU · 31 partners · 10 countries

€28.40M*

Threat identification, PQC services, LLM-driven testing and a chain-of-trust demonstrator.

SCRIBE — PARTNER

French collaborative R&D · ALEIA-led

National programme · specialised models and industrial agents.

Data preparation, training, fine-tuning, evaluation, efficient inference and open commons.

FURTHER R&D VOQAL voice · PAPUD text analytics · PARFAIT IoT privacy · Theradia health AI

ACADEMIA CY Tech · Télécom Paris · Les Mines · Polytechnique · UCLouvain · Cap Digital

Let's build the next EU proposal.

1 Your call topic
Horizon Europe, Chips JU, national.

2 Your use case
The industrial or societal problem.

3 The role you need
Coordinator, WP lead or AI partner.
