Topics of H2020 2018-2020 Focus Area "Boosting the effectiveness of the Security Union"

The development of the EU as a Security Union builds on the [European Agenda on Security](#) presented in 2015. This focus area will support implementation of the Security Union: protecting infrastructure against natural and man-made threats, including cyber-attacks; improving resilience to natural and man-made disasters; fighting crime and terrorism; improving border security; digital security and privacy; space-related research; and better understanding of societal contexts and dynamics. More information:

- [WP 2018-2020 Introduction](#)

#172805089

Assisting to implement the Security Union:

- Provide innovative security solutions with involvement of security practitioners
- Build a secure digital economy and infrastructures
- Understand phenomena such as violent radicalisation and develop effective policies
- React to and recover from natural and man-made disasters
